

Earth Day at Letterkenny Army Depot

Letterkenny Army Depot participated in two Earth Day events this year. On Earth Day, April 22nd, the Letterkenny Recycling Center held a recycling drive to encourage employees to bring in recyclables from home. Letterkenny Recycling Center personnel were stationed outside the environmental office to collect steel and aluminum cans, plastic bottles, cardboard, metal, and paper from employees. The first 100 employees to drop off recyclables were given a prize.

On April 26th, Letterkenny hosted a tree planting to celebrate Earth Day and Arbor Day. Hamilton Ruritan Boy Scout Troop 138 planted fifteen spruce trees around Rocky Spring Lake at the Letterkenny Recreation Area. Protective fencing was also placed around the trees.
