

## Earth Day Fun at Fort Jackson

Fort Jackson held its annual Spring Jamboree on Saturday, April 21st, following the Family Fun Run. This was a joint promotion of Earth Day, the Month of the Military Child, and Child Abuse Prevention Month. Parents and children enjoyed the games, activities, and educational displays promoting Earth Day and Child Abuse Prevention. Environmental awareness topics included recycling, hybrid vehicles, pollution prevention, forestry, wildlife, energy conservation, water conservation, and sustainability.

Fort Jackson's Hood Street Elementary School held a newspaper recycling contest. The class that recycled the tallest stack of newspapers won an Earth Day Nature Hike, led by Mark Dutton, a Biologist in Fort Jackson's Wildlife Office.
