Subject: [Non-DoD Source] December 5 RAB Meeting - Badger Army Ammunition Plant

Dear Neighbors,

The Army is hosting a public meeting of the Badger Restoration Advisory Board (RAB) on Thursday, December 5, at 6 p.m. in the Auditorium Leahy Theater at the Sauk Prairie High School, 105 Ninth Street, Prairie du Sac, Wisconsin.

The community is invited to attend this important meeting where the Army will be presenting information on the Remedial Investigation/Feasibility Study for groundwater at the former Badger Army Ammunition Plant (AAP) and releasing the draft final report for public comment. Attached to this email is a public notice regarding the Groundwater RI/FS.

Simultaneously, the Army will publish the Preliminary Assessment/Site Investigation for Perfluorooctane Sulfonate (PFOS) and Perfluorooctanoic Acid (PFOA) at Badger AAP. The PA/SI is not part of the Groundwater RI/FS. However, since both documents are available at the same time, the Army will accept public comments on both documents until January 17, 2020.

Both documents will be uploaded to the Wisconsin Department of Natural Resources' website for easy download and linked to from the Army's website for the former Badger AAP
<https://aec.army.mil/index.php/BAAP>.

The Army will also be discussing RAB administration topics as time allows.

If you are a RAB member and cannot attend this meeting, please send an email to the address below.

If you have suggestions for topics or questions, please email usarmy.jbsa.aec.mbx@mail.mil or call 210-466-1590.

Thank you,
Badger AAP Cleanup Team
